PEOPLE

Marie Curie Actions in FP7

Overall scope

- Human resource development in R&D in Europe
 - Numerous, well-trained, motivated researchers
- Attract students to research careers
- Attract researchers to Europe
- Skills and sustainable career development

The Marie Curie Actions

- Addressed to researchers of any nationality at all stages of their careers
- Open to all domains of research (bottom-up)
- Mobility (international, intersectoral, interdisciplinary)
- Budget covers generally salary, mobility and research budget for the researcher
- Application through competitive calls for proposals...
- ... leading to excellence

The bottom-up approach

2007-2011:

- EU contribution of €1870 million
- 5096 research projects funded
- Research topics freely chosen by applicants

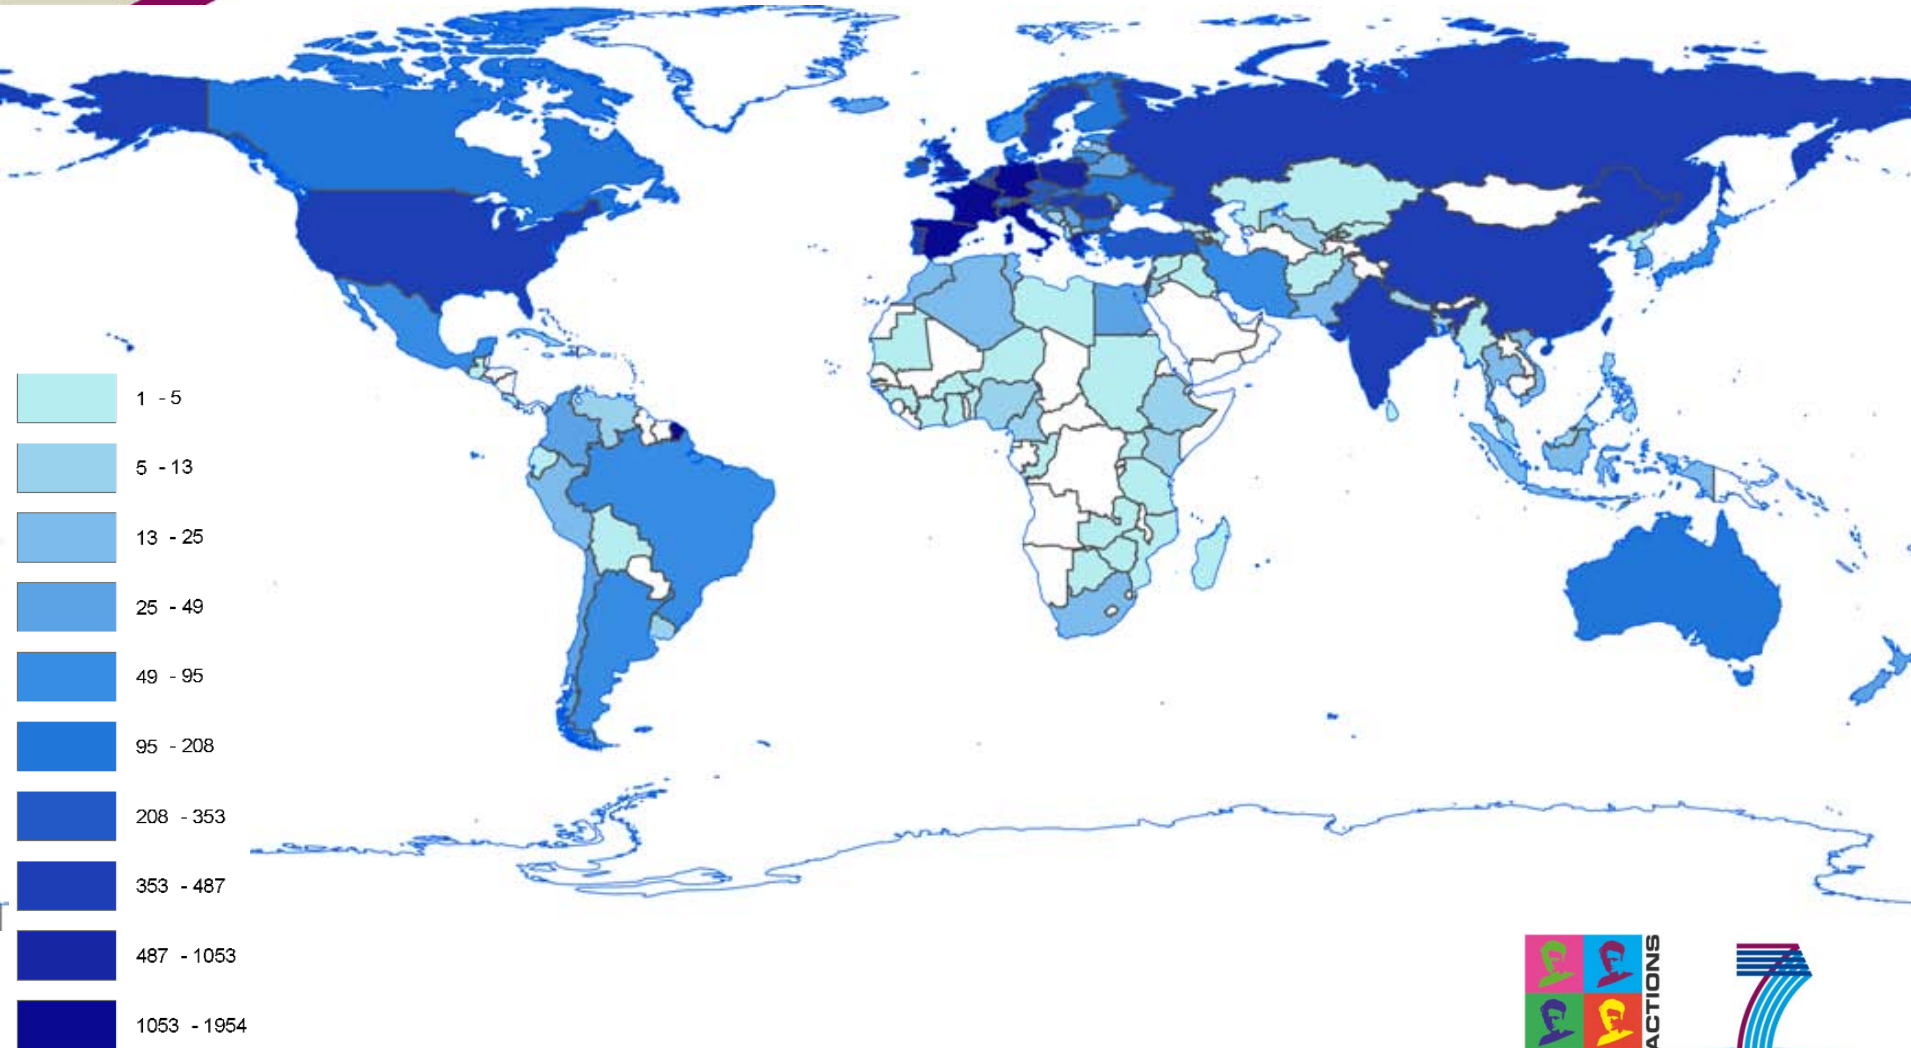

EUROPEAN
COMMISSION

Community research

Marie Curie researchers coming from all over the world 127 nationalities

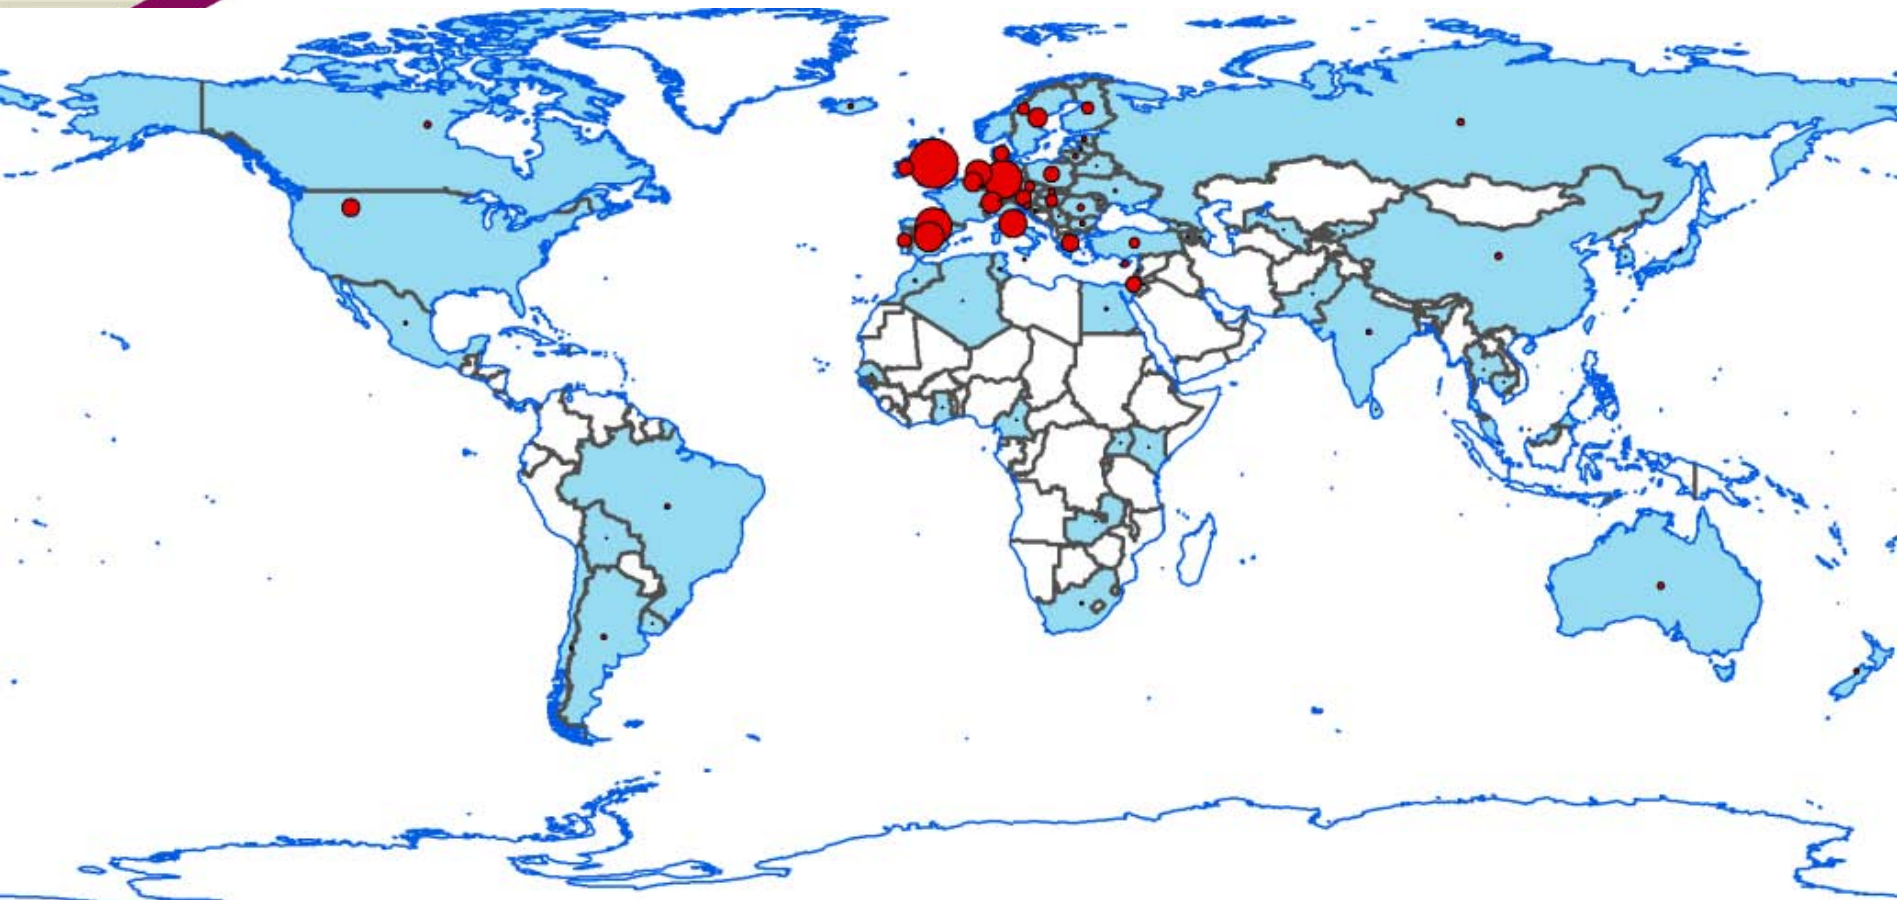

FP6 and FP7 researchers

EUROPEAN
COMMISSION

Community research

World Fellowships

*Reinforce the **international** (extra-European) dimension of the EU's human resources in R&D*

Operated through:

- International Outgoing Fellowships (IOF)
- International Incoming Fellowships (IIF)
- International Staff Exchange Scheme (IRSES)

Individual fellowships

International Outgoing Fellowships for career development (IOF)

- Initial outgoing phase outside Europe for up to 2 years
- 1 year compulsory re-integration phase in a Member State or Associated Country
- Personal Career Development Plan

International Incoming Fellowships (IIF)

- Mobility from Third Countries to Europe funded up to 2 years
- Return grant of one year possible for ICPC countries of €15,000

EUROPEAN
COMMISSION

Community research

International Research Staff Exchange (IRSES)

Objective:

To establish or deepen **partnerships** between at least 2 research organisations in **Member States/Associated Countries** and 1 organisation in Countries covered by the **European Neighbourhood policy** and **Countries with S&T Agreements** through a joint programme of exchange of researchers

International Research Staff Exchange (IRSES) *Exchange Programme*

- Multi-annual joint exchange programme (balanced & coordinated)
- Short term exchanges (up to 1 year per person in total)
- Staff: researchers, management, technical staff
- Exchanges to/from Europe (not between EU/AC partners)
- Staff are seconded (salary is paid by the institution of origin)
- Partner institutes select their staff for exchange
- EC contribution: 1900€ researcher/month (+ 200€ for long distance)
- For ICPC an identical EU contribution is provided if requested

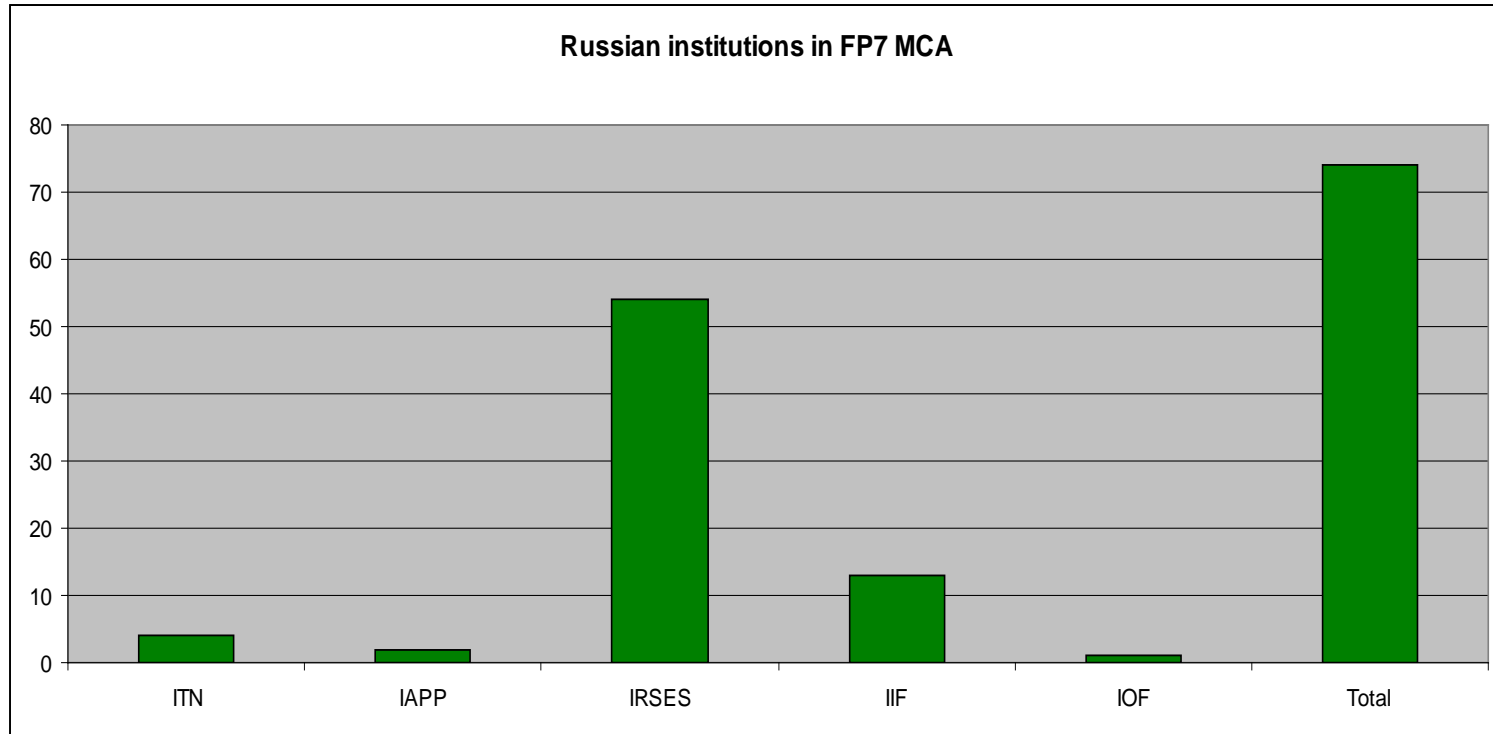

Other opportunities in MCAs

- **ITN** -> for initial and doctoral training of researchers of any nationality
- **IAPP** -> for research collaboration between non-commercial (public) research organisations & commercial enterprises
- **IEF** -> for career development or restart through trans-national mobility within EU MS or AC
- **CIG** -> for researchers of any nationality to establish themselves in a Member State of an Associated Country
- **COFUND** -> "Co-funding" of national, regional and international fellowship programmes

RU participation in FP7 MCA

74 Russian organisations participating so far in FP7 MCA

RU participation in FP7 MCA

154 Russian fellows benefitting from MCA grant

Grouped by the country of destination

International Research Staff Exchange (IRSES)

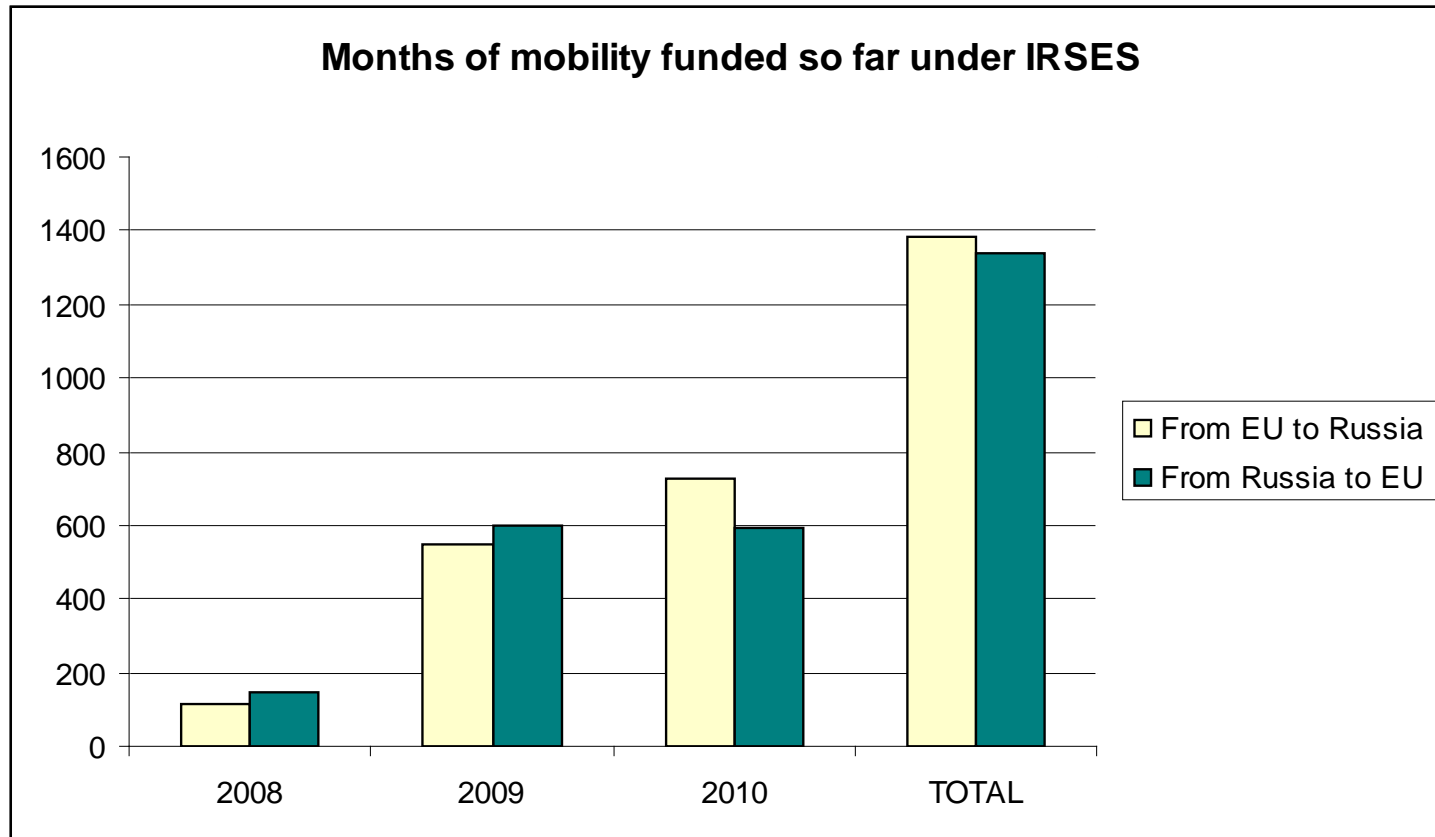

Third countries: Institutions in proposals retained for funding

International Research Staff Exchange (IRSES)

IIF	13 March 2012	16 August 2012	40 M€
IOF	13 March 2012	16 August 2012	40 M€

Highlights

- Marie Curie Actions are powerful means to establish research collaborations and exchanges
- Attracting and facilitating access to RU researchers, while providing European researchers with research opportunities in RU countries are key factors to maximise knowledge sharing, reinforce and establish cooperation;
- So far, significant interest and positive results mainly within the IRSES scheme which may result in future collaborations
- Other opportunities offered by all Marie Curie Actions should be promoted

3. Role of EURAXESS in implementing the IU commitments on researchers career and mobility

34 Innovation Union's commitments:

- 1) By end 2011 MS are required to have strategies in place to train enough researchers to meet their national R&D targets and to promote attractive employment conditions.
- 4) In 2012 the EC will present the ERA framework and supporting measures to remove obstacles to mobility and cross-border cooperation to be in force by end 2014.
- 30) By 2012 EU and MS should ensure that leading academics, researchers and innovator reside and work in Europe and to attract a sufficient number of highly skilled third country nationals to stay in Europe.
